Intercultural project 2019-1

Subject: Anglophone language and culture- Kids 5

Title: Family Ties: Being part of a family around the world.

Objective: To explore families around the world in order to reflect upon the families in our country.

Description

This project is based on the topics worked in the book Big English Plus 5 which is interested in familiarizing the cultural practices around the world. Families come in all shapes and sizes; each family is unique and committed to its culture, there are adoptive families, one single parent families, big families, blended families and so on, that display the diversity and complexity face of nuclear families around the world. This project consists of exploring families around the world and their several cultural characteristics that make them distinctive and also become aware of our own Colombian culture.

To do that, the following steps are proposed:

Stage 1

1. Become familiar the types of families and vocabulary related to it. Watch and analyze the video: <https://www.youtube.com/watch?v=yHvaKv9N0VE> in which vocabulary about family types is presented.
 - a. Read the story "*The great big book of families*" in class:
<https://www.youtube.com/watch?v=fDpckrBI0S8>
 - b. Talk about the video children and family in Asia:
https://www.youtube.com/watch?v=ni_at59TzMA&list=PL7QZnhsBRsJT0SOAFTYhDu3TsMmpgkDh
2. Make a mind map of your family by bringing a family picture to class. Students will classify their families, talk about their hobbies, routines and habits as well as their leisure activities.
3. Considering your own families, choose one county from around the world in order to familiarize to their location, language and special events. At this point, students should start to take systematic note of the information found.
4. After identifying key aspects from that country and culture research about the types of families (current) inside that country. All this information must be shared in class with partners and teacher in order to know little aspects about the country they have chosen.

Product stage 1:

a). Brochure: Considering the information gathered about the family in the chosen country, design a brochure in order to show the main characteristics: location, language, special events for families and facts.

The brochure should have the following structure:

- ✓ Title cover

El uso no autorizado así como la reproducción total o parcial de su contenido por cualquier persona o entidad, estará en contra de los derechos de autor.

- ✓ Introduction: Country name
- ✓ Location
- ✓ Language
- ✓ Talk about the type of families.
- ✓ Show and name the special events/dates for families in that country.
- ✓ Special facts about the culture you consider important.
- ✓ Conclusion: considerations about the families and what you have learnt during the research. (What do you like about those families and celebrations?)

The following are some useful resources you may use to develop this task:

- ✓ How to make brochure for projects:

<https://www.youtube.com/watch?v=J0eSj1aDzWg>

<https://www.youtube.com/watch?v=7x9V-fjkrKs>
<https://www.youtube.com/watch?v=kc9pVmW38i0>

b). Oral presentation: You should prepare a 2.5 minutes talk, presenting some of the key points you developed in your brochure. You are allowed to use audiovisual materials to support your talk. However, if you are using slides, you may only include pictures.

Stage 2

Following on from the information gathered and shared in the first stage of the project, now you should:

1. Select one of the cultural aspects families perform (celebrate) in that country
2. Find new sources of information about it. Collect new information.
3. Plan how to compare with a similar cultural event in Colombia.

Products stage 2:

- a) Cartoon/Comic: Bearing in mind all the information gathered throughout the project, design a cartoon strip showing the main features from that specific celebration,

The cartoon should have the following structure and develop at least three broad opinions:

- ✓ Title
- ✓ Organize the ideas you want to show.
- ✓ Arrange the events and decide how many spaces you will need to draw and write.
- ✓ Decide the scenario and characters from the family.
- ✓ Write down the actions you want to show about the celebration.

CONTENIDO PROGRAMÁTICO	Fecha Emisión: 2018/02/09	AC-GA-F-8
	Revisión No. 3	Página 8 de 8

- ✓ Decide the kind of panels you are going to use to illustrate the celebration.
- ✓ Be creative.

The following are some useful resources you may use to develop this task:

- ✓ How to write a comic strip: <https://www.youtube.com/watch?v=tkRfNig-zNM>
- ✓ How to plan a carton: <http://www.mykidsadventures.com/create-comic-strip-kids/>

- b) Oral presentation: A Power point or Prezi (you may use any web tool) presentation where you are going to talk about the specific celebration compared to one in our country. The slides must include images and titles; however, texts are no allowed.

Assessment:

Following the curricular principles of DEIN, assessment will combine formative and assessment procedures. Formative assessment will take place at specific moments (at least 2), each teacher establishes to keep track of the process to develop the project. This is a moment for offering recommendations, further guidance and solving doubts. The written and oral products of each stage will be assessed summative. This process will be supported by general pre-established assessment criteria students are given beforehand.
